

REOPENING WITH RESPECT

As we begin the journey to a 'new normal', bars, pubs and restaurants have been working hard to make sure they are ready to reopen for consumers.

At this early stage, there's a need to improve consumer confidence with communications that help ensure enjoyment of venues as they reopen.

These venues have been missed and we all have our part to play to ensure they remain safe and enjoyable for all.

Through simple, friendly, identifiable and welcoming language and visuals we are asking the consumer to follow these steps:

RESPECT

RESPECT THE STAFF

Changes to the working environment will affect hospitality staff as much as it will consumers.

For us, service may take a little longer than before and some things just won't be possible right now.

As always, hospitality staff are there to make sure we enjoy ourselves and stay safe, so be patient, respectful and follow their guidance.
